## 2minutes with BLUJEAN EDITORIAL

BluJean is created through eclectic and detailed oriented vision, from a flight of imagination – the man behind the BluJean team, the creative Director & stylist Christopher Giron.

In BluJean we feature San Diego native Designer Sees Villatoro. Sees loves to combine different fabrics with unique patterns and draping techniques to create an empowered, strong, edgy, chic woman. Inspired by his interpretation of emotion and romantic music, he integrates different styles of music into his designs. Sees will partake in SFW17 and has previously showed in FOLA, FNYC, FMTJ.

We also worked with Talent Jazz Moné from NotiesManagement. Jazz is running for the title of Miss Texas who is pursuing to compete for the Miss USA crown.
